

Modplan Release – Open House release

27th February, 2017

Approved

Open success for Modplan

Leading VEKA trade fabricator Modplan has built a reputation for being a business committed to building long term partnerships and being at the forefront of product development. The strength of this partnership approach was once again demonstrated in their annual 'open house' event held at the company's headquarters near Newport, Gwent.

The 'open house' event was spread over five days in February and customers had an opportunity to see for themselves the latest new products and support the Modplan team can offer. Heidi Sachs, Modplan's Managing Director, said, "This year's 'open house' event has been a tremendous success. The informal 'open days' showcased a selection of our latest new products including the new FlushSash, the new mechanically jointed VS and the new VEKA M70 window system. The attendance was superb with over 60 customers taking time out to visit and demonstrates just how much the partnership approach we offer is appreciated."

The new FlushSash, mechanically jointed VS and VEKA M70 windows are the latest additions to Modplan's comprehensive product portfolio. And with a brand new product being launched exclusively at FIT 2017 its customers will soon have even more to offer. But as visitors at the recent open day discovered, the products are only one part of a complete package designed to help installers to grow their businesses.

Modplan manufactures and provides a comprehensive range of products that includes Matrix 58, Veka Matrix 70 and 70FS, Veka Vertical sliders, a dedicated painting facility, PVC-u patio and bifold doors, conservatories, the Vertex Open Canopy, the Vertex roof

system for polycarbonate, glass or tile effect, Wendland roofing system and the newly added Ultrasky, Livin room and LEKA Warm Roof. For more information on any of the Modplan's products and support, simply Ask the Man from Modplan.
