

Press Release: Modplan Ltd
New appointments
7th November, 2017

New appointments at Modplan

Leading VEKA trade fabricator Modplan has just announced the appointment of Justin Williams as its new International Sales and Marketing Director. Justin takes up this position with immediate effect.

Justin has worked within Modplan for the past four years and was, and still is, responsible for the Nordic division within the business. This change will mean that all the sales, marketing and customer service functions across Modplan will now operate as one entity across the different markets and product groups.

Speaking on Justin's appointment, Modplan's Managing Director Heidi Sachs said: "Justin has been instrumental in building the company's well-respected position through his work within our Nordic division. His appointment as International Sales and Marketing Director reflects the strength of his ability and his continued commitment to the success of Modplan."

In other business moves, Neil Gater has become Marketing and Communications Manager having previously performed that role within the Nordic Division. And Chris Wake has become Customer Service Manager having previously worked within the conservatory processing office at Modplan. Both Chris and Neil will report direct to Justin.

Heidi concludes: "The new structure ensures we are equipped and able to service the needs of our diverse market and our valued customers. We would like to congratulate Justin, Neil and Chris on their new appointments."

Modplan manufactures and provides a comprehensive range of products that includes the Matrix 58, Veka Matrix 70 and 70FS systems, VEKA Vertical sliders, PVC-u patio and

bifold doors, conservatories, the Vertex Open Canopy, the Vertex roof system with polycarbonate, glass or tile effect roof options, the Wendland roofing system and the newly added Ultrasky, Livin room and LEKA Warm Roof. For more information on any of the Modplan's products and support, simply Ask the Man from Modplan.
