### **Modplan appoints Ian Lewis as Sales Manager**

Leading VEKA trade fabricator Modplan has just appointed Ian Lewis as its new Sales Manager. Heidi Sachs, Modplan's Managing Director, said: "We are delighted that Ian has joined us. He's got a wealth of experience and a strong track record in the industry."

Ian commented: "I'm delighted to have joined Modplan because it has a great reputation in the industry for delivering what installers need. This is a great opportunity to work with a company whose product range is second to none and customer service adds further value."

Ian's previous appointments include Regional Operations Manager at National Plastics, formerly part of the Burles Group of companies which Modplan is still a part, which means he is already familiar with the ethos of the Newport-based trade fabricator. As Sales Manager, Ian has been tasked with delivering Modplan's continuing sales growth while supporting existing customers. He said: "One of the things Modplan is best known for is its partnership approach and I look forward to speaking to all customers over the following weeks to introduce myself and find out more about their businesses."

With an extensive track record in the industry, Ian will no doubt prove to be an excellent addition to the Modplan management team, adding further strength to an already strong structure.

Modplan manufactures and provides a comprehensive range of products that includes VEKA Matrix 58, 70 and 70FS, vertical sliders, PVC-u patio and bifold doors and conservatories, the Vertex Open Canopy, the Vertex polycarbonate, glass or tile effect roofing system, the Wendland roofing system and the newly added Ultrasky, Livin room and LEKA Warm Roof. The company has six factories, including an in-house paint plant,

covering 125,000 sq ft in Abercarn near Newport from which all products are manufactured. For more information on any of the Modplan's products and support, simply Ask the Man from Modplan.
